

*** Press Release ***

For immediate release.

February 20, 2020

Exchange Business Solutions LLC
PO Box 341
Topeka, IN 46571

We are excited to announce that Exchange Business Solutions LLC has joined Dell Technologies as an Authorized Partner.

Dell Technologies, headquartered in Round Rock, Texas, is recognized as the world leader providing a wide assortment of high quality technology products including

- Personal computers, CAD workstations, laptops, and tablets
- Monitors, printers, scanners, and accessories
- Servers, rack and power equipment, and network devices
- EMC storage and backup solutions
- VMware virtualization software and security software solutions
- ... and a growing family of cloud services

This is a significant milestone for us and our clients. Exchange Business Solutions LLC now has direct access to the vast experience, products and services from Dell Technologies (including VMware and EMC storage) through their sales and support professionals to deliver world class technology solutions.

In the near future, we hope to pass on special technology deals to our clients to save them money, enhance their business performance, increase their value to customers, and build their competitive advantage.

It's your business. We are Tech That Fits!

Scott Kerchner, President
Engage Business Solutions LLC
