

*** Press Release ***

For immediate release.

March 2, 2020

Once again, we are excited to announce that Exchange Business Solutions LLC has expanded its technology portfolio with another world-class technology provider with our new sales partnership with Samsung Electronics Co., Ltd.

Samsung is one of the most recognized technology brands worldwide. The company enjoys nearly universal appeal for its consumer electronics. Samsung is also heavily invested in display technologies and remains a key innovator for insurance, health care, education, manufacturing, and hospitality industries.

Samsung's management philosophy emphasizes respect of people everywhere and strives for a high degree of integrity and ethics. At Engage Business Solutions LLC, we certainly agree and hope to extend these values in our relationships.

This Samsung partnership will allow us to offer a wider range of technology hardware and solutions – and at very competitive prices. We expect to include these products in solution packages for our clients to enhance their performance, value, and competitive advantage in the marketplace.

It's your business. We're here to help. That's Tech That Fits!

Scott Kerchner, President
Engage Business Solutions LLC
